THE RITUAL

Love it *longer.*

01 Detangle gently

Start at the ends and work up with a wide-tooth comb. Never brush wet hair from the root.

02 Wash every 10 to 15 wears

Use a sulphate-free shampoo and cool water. Condition the lengths, not the lace.

03 Air dry on a stand

Pat dry with a towel and let your unit dry on a wig stand to keep its shape.

04 Go easy on heat

Always use heat protectant and keep tools below 180°C to protect shine and colour.

05 Sleep in silk

Wrap your hair in a silk scarf or bonnet, or rest your unit on its stand overnight.

06 Refresh with us

Book a wash, treatment and restyle every six to eight weeks to keep it looking new.
